- Environment friendly product. 100% recyclable

Available in three sizes (3/16" Small, 5/16 Medium and 1/2" Large), Customized colors can be produced as per customer's requirements

Choosing the Right Size Bubble

Small bubble material (3/16" bubbles) is best for small, lightweight items

Medium bubble material (5/16" bubbles) provides a combination of surface protection, shock absorption and void-fill.

Large bubble packaging material (1/2" bubbles) is generally used as a void-fill item.
